## Project 2 Screen shots

### 1. Login user

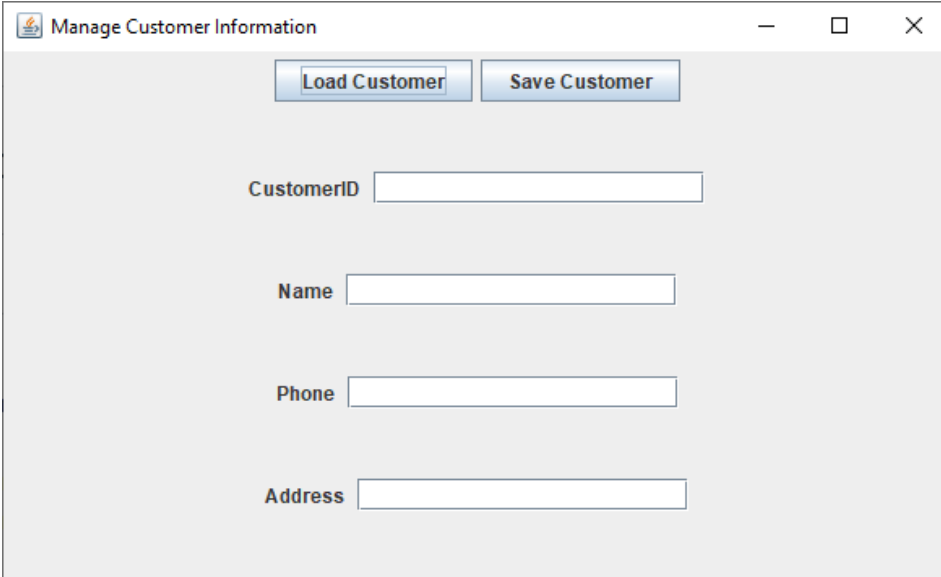

A screenshot of a Windows-style application window titled "Login". The window has a light gray background and standard window controls (minimize, maximize, close) in the top right corner. It contains two text input fields: "Username" with the text "admin" and "Password" with masked characters ".....". Below the password field are two buttons: "Login" and "Logout".

### 2. Customer View

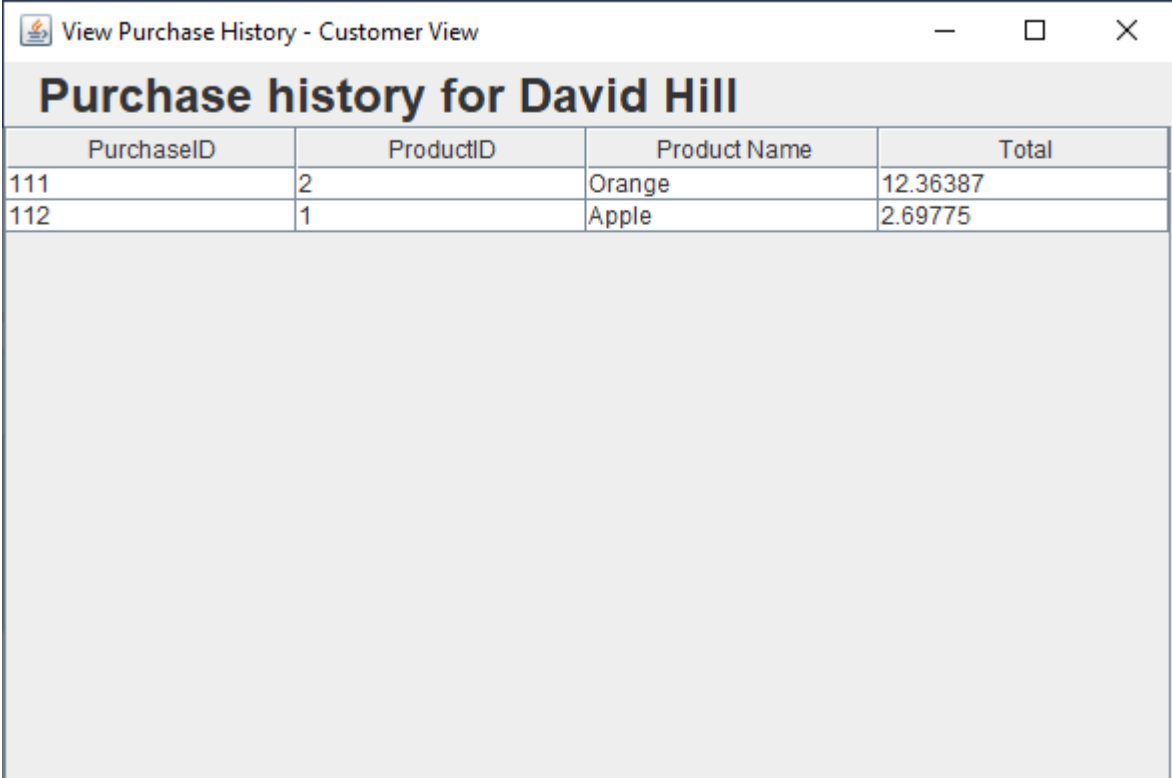

A screenshot of a Windows-style application window titled "Store Management System - Customer View". The window has a light gray background and standard window controls in the top right corner. The main content area displays the title "Store Management System" in a large, bold font, followed by the text "Fullname: David Hill CustomerID: 5". At the bottom of the window, there are four buttons arranged horizontally: "Make a Purchase", "View Purchase History", "Cancel a Purchase", and "Search Product".

### 3. Customer Information

A screenshot of a software window titled "Manage Customer Information". The window has a standard Windows-style title bar with minimize, maximize, and close buttons. Below the title bar, there are two buttons: "Load Customer" and "Save Customer". Below these buttons, there are four text input fields, each preceded by a label: "CustomerID", "Name", "Phone", and "Address".

### 4. View purchase history

A screenshot of a software window titled "View Purchase History - Customer View". The window has a standard Windows-style title bar with minimize, maximize, and close buttons. Below the title bar, there is a header section with the text "Purchase history for David Hill". Below the header, there is a table with four columns: "PurchaseID", "ProductID", "Product Name", and "Total". The table contains two rows of data. Below the table, there is a large, empty rectangular area.

PurchaseID	ProductID	Product Name	Total
111	2	Orange	12.36387
112	1	Apple	2.69775

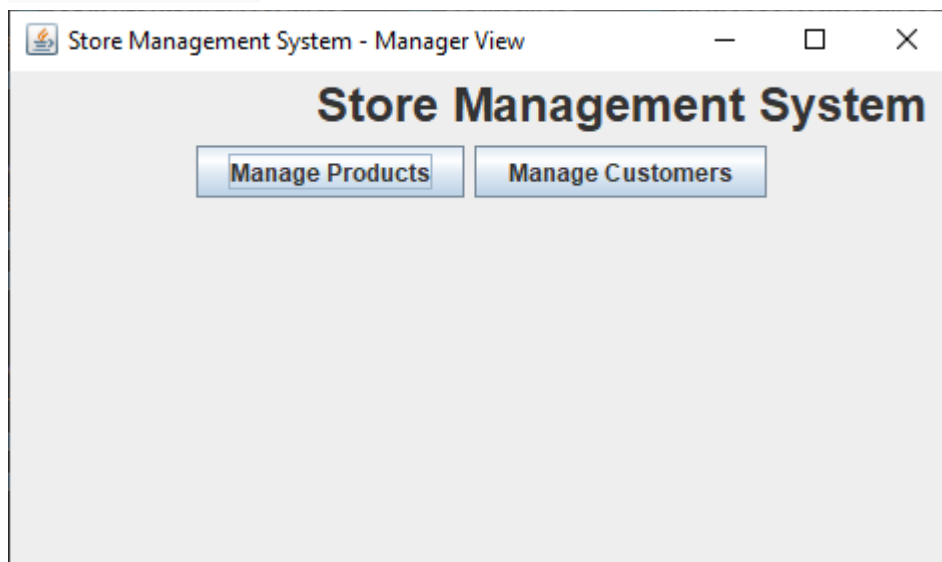

## 5. Search Product

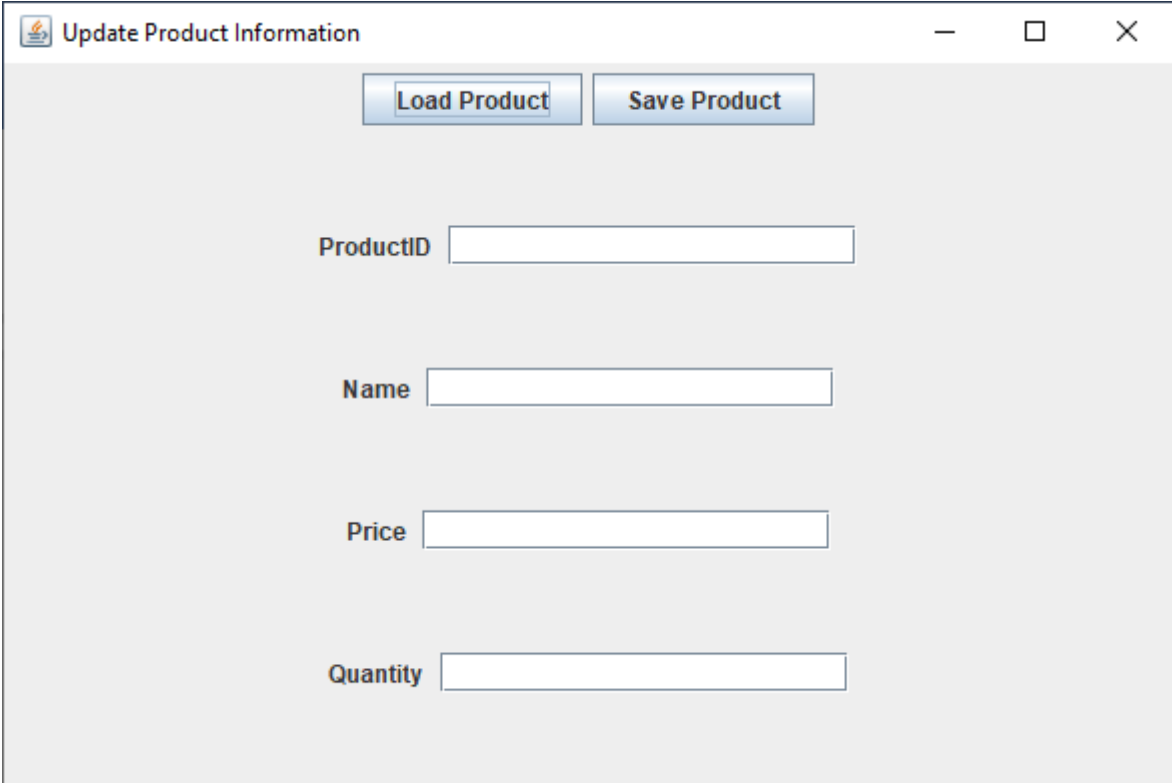

A screenshot of a software window titled "Search Product". The window has a title bar with a search icon, the text "Search Product", and standard window controls (minimize, maximize, close). Below the title bar is a header bar with the text "Search results for David Hill". The main content area contains a table with four columns: "ProductID", "Product Name", "Price", and "Quantity". The table has six rows of data. Below the table is a large, empty rectangular area.

ProductID	Product Name	Price	Quantity
1	Apple	0.99	100.0
101	Apple XX	0.99	1000.0
1110	Apple iPhone X Max	1499.0	10.0
1111	Apple iPhone 11 Pro	1999.0	10.0
1112	Apple iPhone 11 Pro Max	1999.0	20.0

## 6. Manager View

## 7. Update Product Information

The 'Update Product Information' window features a title bar with a small icon, the text 'Update Product Information', and standard window controls (minimize, maximize, close). Below the title bar, there are two buttons: 'Load Product' and 'Save Product'. The main area contains four labeled text input fields: 'ProductID', 'Name', 'Price', and 'Quantity', each with a corresponding empty text box to its right.
